To whom it may concern

It is my great pleasure to recommend Nuhamin Yoseph to take part in your esteemed institution. As her school counselor through the years, Nuhamin has given excellent contributions to our collective. She is not only an outstanding and hardworking individual but also has dedicated herself to empowering the students and faculty's lives around her.

Nuhamin has specifically dedicated herself to getting broader knowledge of Biology by investing her time creating awareness about Environmental issues with teachers and students by helping displaced people and tutoring her friends with her spare time. Some students with Nuhamin's capacity tend to be introverts, but she is just opposite. Nuhamin engages and actively seeks social interaction, while at the same time maintaining her academic workload.

Nuhamin is one of our most interactive students in class. She is always eager to learn new things and is especially interested in Mini media Club, The Red Cross, Social Club and other enjoyable yet educational activities. Furthermore, the Academic honor roll awards Nuhamin receives year after year are supporting facts to Nuhamin's academic excellence and she never failed to prove that. Nuhamin has also taken part in extracurricular activities such as the Volleyball club, Volleyball has a huge role in Nuhamin's life. She often plays and is one of our star female players in Glory's secondary school's Volleyball team. Art Club and other activities have developed and strengthened her organizational skills, time managing ability, work ethic, and leadership skills.

I highly recommend Nuhamin to be a part of your esteemed institution. She is a compassionate and strong individual with a strong sense of purpose.

Best regards,
