

Scholarship Letter of Recommendation

Dear Scholarship Committee:

I wholeheartedly endorse Yonathan T. Sisay as recipient of your scholarship. I am the Principal of Kombolcha General and Higher Education Preparatory Secondary school, where Yonathan has studied for four years from 2015 to 2018.

Yonathan is a true leader. His teachers tell me he always takes on leadership roles and guides his classmates in reaching collective goals. For the years I have known him, Yonathan did well even in the co-curriculum activities. He has represented the school in external competitions in many instances of which he was bringing us a good report.

I am impressed by Yonathan's diligence and character. It has been a pleasure to have him at our school. He is most deserving of this award. And privileged to recommend him as a good student in your college. I guarantee you that he is going to peruse his career peacefully without causing unnecessary drama to your administration. With his integrity and diligence, I am sure he will be one of your reasons for joy in running your institution as a whole.
