ASSAI PRIMARY & SECONDARY PUBLIC SCHOOL

DATE: Aug 20, 2022

REF NO. As/021/1121

**To whom it may concern**

As his mathematics teacher I certify that he will be competent enough for the courses you offer. his enthusiasm for growth and learning will definitely be another plus for his stay in your academy

I have had the courtesy of teaching mathematics in the social science department and I found **Bonsa** to be one of the most inquisitive students I have taught, as a student not only did he excel in my course but also in other courses as well. He was definitely one of my favorite student.

**Bonsa** is enthusiastic, affable and energetic. His nature of hardworking, sociability and good academic performance has rendered him to the merit of being one of the best students at his department.

It is from all these facts that I recommend **Bonsa Debele Degaga** for higher education/research institutes.

Best regards

Tesfaye Tilahun (mathematics teacher)
