Recommendation Letter

This recommendation letter is provided at the request of **Simret Mebratu Kiros** who has asked me to serve as a reference on her academic performance and other details.

I have known **Simret Mebratu** for a year and she has taken different mathematics courses with my guidance at Vision Academy. I have had an opportunity to observe the student's participation and interaction in class and to evaluate the student's knowledge of the subject matter. I would rate the student's overall performance in this subject matter as excellent. This also can be proved by her grades, which are given by the academy.

Simret is one of my students who have different potentials. Among those potential, she has got the skill of leadership and has the ability to cooperate with different students of her age. **Simret** also has got the ability to organize the students that are found in the class.

I, personally, believe that she would perform competently with your school and has good potential with all aspects.

If you would like to discuss this further, please don't hesitate to contact me at amsaluayeru11@gmail.com,

Sincerely,

Amsalu Ayeru
