To whom it may concern,

I am very pleased to have this opportunity to warmly recommend the best student in my 13 year carrer ,Amdebirhan Wokeye Abebe. He is truly the best student I thought in the past 13 years. Took me some days to think of and compose words that could help me to express his talent and Unique personality, Amdebirhan Understand that Math is the universe language early and he used it efficiently. He is a true Math genius. It truly amazed me how he used his math skills to develop a new efficient algorithm for Data Processing. He applied what he learned and he always connect math with computer science because Amdebirhan is A computer guy and he always connect math and computer Science.

Amdebirhan is like the sunshine for my math class. He is always quiet, but he is always active. He is a student who can satisfy me with his brilliant answers. Amdebirhan is not just a student who works for grades; he is more than grades and tests. Amdebirhan is a beacon of hope in my class, a student that stands out among the others. He is passionate about learning and can ask questions that push the boundaries of traditional schooling. His knowledge is not limited to the book; he draws on a variety of sources in his work . He wants to communicate with the universe through math. His enthusiasm for mathematics and his willingness to take risks and think outside the box have led him to explore mathematical theories and concepts that few of his peers have considered .

He is truly special for his Collaborative and cooperative spirits. He has the ability to work cooperatively within diverse teams, work groups and across the organization to achieve group and organizational goals.

He can take feedback and implement changes based on what others think; he can also give others constructive feedback that helps improve what they're working on. He is expert on brainstorming, group discussions, reaching a consensus about processes or analyzing problems, and finding solutions. And he always takes risks to achieve his goals.

Amdebirhan's most important strength is leadership, and he demonstrates it over and over again in the way he manages projects, leads teams, works productively with others, Organizes big events like Hackaton, and represents his country on International Model United Nations.

He always applies what he learned, and that is why he created a website and a digital attendance system for his school. He is this type of student. A creator, a solver, and a gifted student, I have never seen. He is always a winner in every field he compete. I can say with confidence that Amdebirhan is one of the most smart, extraordinary and leader students I've ever saw in my life .

What makes Amdebirhan special is that he is ability to solve different types of problems. It is amazing how Amdebirhan Combine his mathematical knowledge to computer algorithms and programs. I realize he is an extraordinary student when he asked me advanced mathematical question. He is a gifted student with high potential leadership skills.

Amdebirhan always manages to make me smile. He has a strong ability to influence and lead his peers. He is always in the center of the classroom, assisting me in keeping track of the students. If I had to leave the room, I would only ask Amdebirhan to keep an eye on and monitor his friends. His presence alone

provides a sense of stability, and his willingness to take on responsibility speaks volumes about his character

Amdebirhan is like a light bulb in my class. With his excellent questions, he can brighten the entire class. He is a type of student that can warm the classroom, monitor the classroom, and influence the classroom with positive energy. He has an excellent ability to lead his peers. Amdebirhan truly demonstrated a growth mindset, and he inspired his peers to adopt the same valuable perspective.

When approaching a problem, Amdebirhan's first question is "What's the best way to solve it?" not "What do people usually do?" The result is innovation. It's difficult for me to describe the many obstacles an investigator can encounter in achieving substantial results, but I can tell you that Amdebirhan surmounts them all with little difficulty, showing me an incredible creativity and flexibility.

Amdebirhan has an insatiable desire to learn, and he demonstrated this throughout his year in my class. His questions were insightful and eloquent, and he produced work that was far above that of the average student. Amdebirhan's communication and research skills are phenomenal. Amdebirhan has an infectious enthusiasm for learning, and it is clear that his natural aptitude for the subject was cultivated from a young age

I have witnessed the exceptional contributions that Amdebirha has made to our school community. Not only is he an excellent and hard-working student, but he has dedicated himself to enriching the lives of students and faculty around him. He is truly special for his leadership skills and commitment to helping others. Amdebirha is a role model for us all, and his dedication to excellence and philanthropy has left a lasting impression. He is an unforgivable student, even after ten or twenty years.

When it is break time , Amdebirhan is so funny. He can tell everybody a good joke, and he can cheer up his friends. His jokes make people laugh, and his friends are always so glad when it's break time because they know that Amdebirhan will be there to lighten up the mood.

As a person, Amdebirhan is a Humble, friendly, and respected individual among his colleagues. He is a kind, compassionate, intelligent, and strong person who has a clear sense of direction and purpose. I am confident that he will bring the same warmth, support, insight, and hard work to his college classes and social community. Amdebirhan is a trustworthy, reliable, good-humored student and friend who support others in and out of the classroom. He was a pleasure to have in class, and his positive attitude and belief in him, even in the face of difficulty, is an immensely admirable asset. I'm confident that he will continue to demonstrate the same diligence, perseverance, and optimism that he showed me and his peers. Please feel free to contact me for any other questions.
