

Scholarship Letter of Recommendation

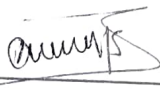

Dear Scholarship Committee:

I hold Yonathan T. Sisay in the highest esteem, and recommend him for this Scholarship without reservation.

As his Math teacher, I can attest that Yonathan is not one to back down from a challenge, either academic or personal. He finishes what he starts and never lets adversity get him down. Because of his bold vision and perseverance, based on his grades, attendance, and class participation, I would rate Yonathan's academic performance as superior. He is the type of student who always takes initiative to help out fellow students who may not quite grasp the material.

Yonathan's combination of academic achievement, leadership and personal character make him an ideal candidate. Once you meet Yonathan you will see why I am so enthusiastic about him, both as a student and a young citizen.

With regards
