Dear Admissions Committee,

I am pleased to write this letter of recommendation on behalf of Simret Mebratu Kiros a most promising student and wonderful individual. I've had the pleasure of teaching English during her high school years here at Vision Academy. If it were appropriate for teachers to pick their favorite student, Simret Mebratu would definitely be one of my top choices. She has a winning attitude full of drive and perseverance that goes unparalleled, she is always attentive in class and has a knack for engaging the whole class in participation, but the attribute that I admire the most about Simret is her unwavering kindness.

Simret has been at the top of her class in her final year of high school and was always amongst the top 5 in previous years. This accomplishment was earned by giving her undivided attention in class and doing extra work outside of the classroom. She's always able to manage her time superbly and willing to lead a hand to other struggling with their work. While some are destined to develop leadership skills, Simret seems to possess the intrinsic qualities of a born leader and she's able to accomplish this without an air arrogance or superiority towards her peers.

English language has been Simret's main academic focus, but she also thrives in different co-curricular activities. She has had magnificent role in presenting speech to the school community and has confirm my belief that teacher learn just as much from their students as students do from their teachers.

Any collage would be thrilled to accept Simret as she is an outstanding student with so much to offer. Our school was very lucky to have her as a student and I'm sure your faculty will feel the same about accepting her as your student. Simret embraces constructive criticism and strive to improve in every aspect of her education and beyond. She deserves all the good thing that will inevitably comes in her way in her post-secondary years. And I would be glad to answer any further question you have regarding Simret or Vision Academy.

Sincerely,

Binyan Tibebe
