## TO WHOM IT MAY CONCERN

Dear Undergraduate Admission officers:

My name is **Dawit Shawul** and proud to offer my recommendation for **Feven Moges**. I have known **Feven Moges** for two years in my capacity as a teacher at Hill Side School. She took Information Technology class from me and earned superior grade. Based on **Feven's** grades, attendance and class participation, I'd rate **Feven's** academic performance in my class as superior.

She is one of the above average students full of dedication and initiative. Her ability to cooperate with her classmates and other students is one of his best characters. As her teacher, I have seen many examples of his talent. Especially in computer and networking fields, I understand that she is applying to undergraduate Computer Sciences field at your university.

So I would highly recommend **Feven Moges**. If his performance in my class is any indication of how she'd perform in your position, **Feven Moges** will be a positive addition to your organization. And please feel free to contact me at any time. I would like to recommend her admission.

Your Sincerely,

**Dawit Shawul**
